EDUCATION

Bachelor of Computer Science and Engineering

Aug 2023 – May 2027

Aditya Institute of Technology and Management, Srikakulam, Andhra Pradesh

GPA: 7.99

TECHNICAL SKILLS

Programming Languages: C, C++, Python, JavaScript

Computer Science Fundamentals: DSA, OOP, DBMS, Operating Systems, Computer Networks, SQL

Web Development: React.js, Next.js, HTML, CSS, JavaScript, REST APIs

Backend & Tools: Node.js, MongoDB, Git, GitHub, VS Code

Concepts: SDLC, Agile Development, API Integration, Software Engineering, Problem Solving

Design Tools: Figma, Canva

COMPETITIVE PROGRAMMING

LeetCode: 300+ Problems Solved, Contest Rating 1800+

HackerRank: Hackathon Winner

EXPERIENCE

Frontend Developer Intern

Dec 2025 – Mar 2026

Liger Games

Hyderabad, Telangana

- Developed 10+ responsive React.js web pages with 15+ REST API integrations.
- Built 20+ reusable React components, integrated 15+ REST APIs, and optimized application performance by 25%.
- Collaborated using Git and GitHub in 8+ Agile sprints, resolved 25+ bugs, and improved UI responsiveness by 30%.

PROJECTS

Justice AI (NLP + AI System) — Python, Flask, Machine Learning, Deep Learning

- Engineered NLP-based FIR analysis system using ML, DL, and LLMs to extract insights from legal text.
- Built Flask backend integrating 4+ AI modules including chatbot, face detection, API services, and geospatial visualization.

Climate-Smart Crop Planning Assistant — Full-Stack (React, Flask, HTML, CSS)

- Developed full-stack crop recommendation system using React.js, Flask, REST APIs, and data processing pipelines.
- Built responsive React frontend integrated with backend services for real-time agricultural recommendations.

Chat Application — Figma, UI/UX Design

- Designed chat application workflows including authentication, messaging, user experience, and system architecture.
- Created reusable design systems, wireframes, prototypes, and user interface specifications.

ACHIEVEMENTS

- HackerRank 24-Hour Hackathon Winner (Rank 1 among 1000+ participants)
- Winner – AIGNITE 3.0 8-Hour Hackathon (Rank 1 among 500+ participants)
- Winner – Utkarsh 24-Hour Hackathon (Rank 2 among 1000+ participants)
- Secured 2nd Place in “OOPS! Code it Right” Contest (Rank 2 among 200+ participants)

CERTIFICATIONS

- ServiceNow Certified Application Developer (CAD)
- ServiceNow Certified System Administrator (CSA)
- AWS Certified Developer – Associate
- NPTEL – Cloud Computing and Distributed Systems

POSITIONS OF RESPONSIBILITY

- Design Club Head – Led UI/UX initiatives and student projects
- Student Mentor – Guided students in DSA and project building
- Developer Club Member – Participated in hackathons and tech events
